

PheedIt

SAS/Web enabled CDMS

BOOSTING THE EFFICIENCY OF CLINICAL TRIAL PROCESSES AND PRODUCT LAUNCHES

PheedIt is a very powerful web-based tool that is flexible, dynamic, user-friendly and very easy to access from anywhere. Implementation and start-up times are very short and it is also easy to customize to customer needs.

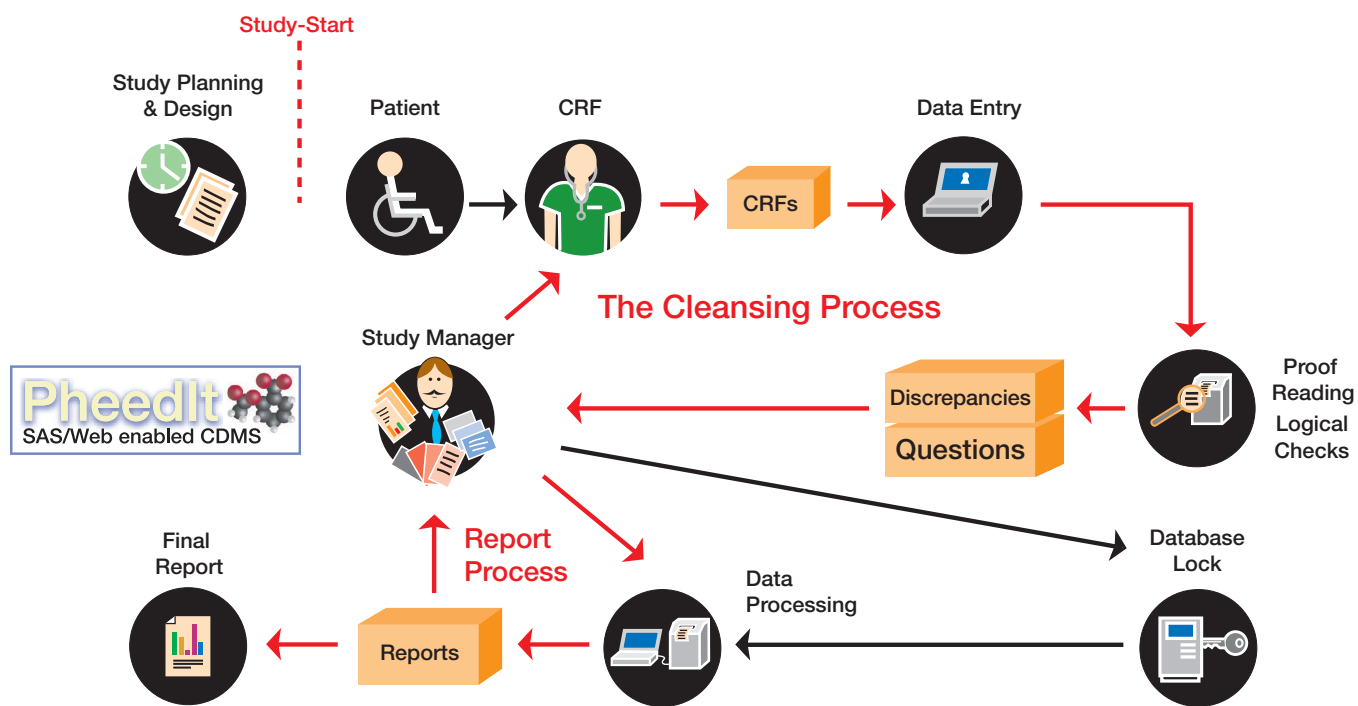

PheedIt is **SAS® ALL THE WAY** that gives you the features and benefits below.

FEATURES:

1. Study Copy
2. Validation Rule
3. Discrepancy Tracking
4. Batch Load Script
5. Report Engine
6. SDD Engine

BENEFITS:

1. No Data Conversion
2. Simple, Efficient & Dynamic
3. High Availability – Web Tech.
4. Fast & Safe
5. Cost Effective-Independent Usage

PheedIt is an **INDEPENDENT** solution that helps you meet regulatory requirements in just **ONE** solution for the **ENTIRE** clinical research process.
