AD02: Adoption of Agile in Medidata

Tony Hewer & Andrew Smith
Medidata Solutions Worldwide

10 October 2011
Agenda

• Purpose / Introduction
• Where we were
• Why we needed to change
• To change – and where we are today
• What’s next
• Conclusion
• Q&A

This presentation is a sprint!
Purpose / Introduction

• Hands-up about Agile
  • Who’s heard about it?
  • Who’s employed it?
  • Experiences?
• Our journey – so far – and next (but realizing that it’s a never-ending journey)
• What we learnt along the way
Where we were
Why we needed to change

- 4 key points!
Where we are today
What’s next?

Enterprise Transition Community (ETC)

Energy, support, resources, guidance, & direction (occasionally)

Improvement backlog

Impediments

Improvement Communities

Improvement backlog

Improvement backlog

Improvement backlog
Conclusion

• Are we faster to market?
• Are we building the right thing?
• Are they higher quality?
• Why do we still get defects?
Q&A
